

Allertex

Fibre & Yarn Processing

ANDAR
FIBRETEC

Wool scours - effluent, back washing, wool dryer, fellmongery and ancillary equipment.

Fibre opening & blending systems for all applications.
Central filtration (continuous).

TECNOMECCANICA
BIELLESE S.r.l.

Autefa Solutions OCTIR WOOLLEN & WORSTED CARDING TECHNOLOGY

Woollen, semi-worsted and worsted ring spinning frames incorporating automatic creeling and doffing linked to automatic winding.

OFFICINE GAUDINO S.p.A.

SUPERBA

TVP3 carpet yarn heat setting machines and continuous space dyeing. UNIVAP continuous steaming/relaxing for both machine and hand knitting yarns.

AUTOCORO - rotor spinning machines.
AUTOCONER - automatic winding machines.
Winding machines for special applications.

oerlikon
SCHLAFHORST

oerlikon
BARMAG

False twist texturing, high-speed PE & PA spinning plant, spin draw tex for carpet yarns, metering pumps. High-speed precision spin winders, tension controlled take-up winders, tape lines. Filament 2 for 1 twisters. Air texturing.

Filament two-for-one twisting equipment. Tyre cord and industrial yarn cabling machines.

oerlikon SAURER
ALLMA

dietze + schell

Take-up winders for assembling, coating, and bonding.
Strapping winders, air texturing lines, glass fibre winders and air entangling lines.

Atmospheric and high temperature dyeing of loose fibre, tops and yarns in sample, small production/flexible and production vessels.

FONG'S
THEN
The Technology Leader

Graf

Flexible and metallic card wire for all applications. Ancillary equipment for wire mounting and maintenance.

Slat transport aprons. Spiked transport lattices.

hastem

SOHLER
NEUENHAUSER

A range of overhead travelling cleaners for use on all types of weaving, spinning, twisting, warping and winding machines.
Yarn transportation systems.

A comprehensive range of accessories including:
plastic tubes / cones, creel components, etc. as well as
conveyor / carrier belts and palmer felts.
